Richard,

We are absolutely committed to completing this transaction as soon as possibly can, its literally imminent but I can't make it go any faster, everyone is committed, we didn't expect the sanctions, everything is signed off, its crazy as we are just waiting for shipping approvals.

You have no chance of losing your money, that's for sure and it will be completed as soon as the approvals are in place.

The downside of dealing with emerging markets.

Neil
